TROOPS TO CHECK  
SAN SEBASTIAN  
DEMONSTRATIONSeveral Regiments On the Way  
to Troubled Sections

SUSPICIOUS OF CARLISTS

Government Believes That the Party  
Is Inciting Violence in the  
Provinces.

Madrid, Aug. 6.—Alarmed by fears that the proposed demonstration of the clerical forces at San Sebastian, the summer capital, will assume the character of an uprising the government today commenced to rush troops into San Sebastian. A regiment of hussars left Madrid for San Sebastian yesterday morning, followed by another regiment of cavalry and two battalions of chasseurs. A reg-

iment of infantry was also ordered

to San Sebastian from Victoria.

Both General Weiler, and Captain Sagasta, the Minister of the Interior, will go to San Sebastian to be in immediate charge in case of disorder.

The government believes that the Carlists and the members of the religious orders, which are numerous in northern Spain, are openly inciting their followers to violence. The Governors of the Basque provinces and the adjoining province of Navarre yesterday issued orders to the Mayors of all the municipalities in these provinces to warn the Roman Catholics against assembling or entering the city of San Sebastian with arms and that the most energetic measures would be taken to repress any attempt at a manifestation.

Hopes of a Solution.

Rome, Aug. 6.—Cardinal Merry del Val, the Papal Secretary of State, received in audience yesterday Marquis de Gonzalez, Counselor of the Spanish Embassy at the Vatican, who is in charge of the embassy since the recall of Marquis de Ojeda.

There was a long discussion of the Spanish situation at the close of which both Cardinal Merry del Val and Marquis de Gonzalez expressed hopes that a solution would be found which would avoid further friction.

Feeling Runs High.

Bilbo, Spain, Aug. 6.—Since the government has ordered the railroad companies not to furnish special

trains for the proposed demonstration at San Sebastian Sunday the Catholic adherents are already commencing to leave for the summer capital upon the ordinary trains. Feeling in the city runs high.

The committee which is organizing the demonstration yesterday sent a telegram of protest to the King against the interference of the authorities with the manifestation and also issued a statement urging their followers individually to telegraph similar messages to King Alfonso. A telegram of sympathy was also sent to the Pope.

HAMON DENIES ALL  
CHARGES BY  
GORE

Says Blind Statesman's Allegations Are False

NEVER MENTIONED BRIBE

Oklahoma Politician Says That He  
Had no Interest in McMurray  
Contract.

Muskogee, Okla., Aug. 6.—With United States Senator Thomas P. Gore re-asserting his charge that he was offered a bribe of \$25,000 or \$50,000 to influence his action in Congress and with Jake L. Hamon, accused by the senator of having offered the bribe, denying he had ever done any such thing, the investigation of the Oklahoma Indian land deals by a committee of the National House of Representatives yesterday simmered down to a mass of denials.

For four hours Hamon, former chairman of the Oklahoma republican state committee, entered a continuous series of denials relative to his alleged relation with what is known as the McMurray contracts, by which, according to Senator Gore, \$3,000,000 or 10 per cent of \$30,000,000 to be realized from the sale of Indian lands to a New York syndicate was to be diverted from the Indians in the shape of attorneys' fees.

Hamon also denied Congressman C. E. Creager's charge that he (Hamon) had suggested that an "interest" in the contracts might be available to the congressman if the latter helped remove opposition to congressional approval.

Among Hamon's denials were the following:—

That he at any time had been closeted with Senator Gore, in the senator's office at Washington to urge the approval of the contracts.

That he had ever mentioned Vice President Sherman, Senator Charles Curtis of Kansas, or Congressman B. S. McGuire of Oklahoma as being interested in the contracts, as charged by Senator Gore.

That he had ever spoken of a bribe to anyone about any legislation or that he ever was interested in the McMurray contracts.

That at the time the contracts were being discussed, he had called up Congressman Creager on the telephone at Washington asking for an appointment, but he said Mr. Creager had called him up. Mr. Creager previously testified that Hamon asked an appointment, at which the "interest" in the contracts was spoken of.

Explaining what he was doing in Washington at the time when Senator Gore said he was offering bribes, Hamon said he was attending among other things, to the interests of Governor Haskell of Oklahoma, who was under a federal indictment in the Muskogee town lot cases.

More evidence from Senator Gore probably will be heard today. The senator announced he intended to accompany the committee to McAllister, where sessions will be held Monday.

## HIS FIRST NAVAL PARADE

President Taft Present at Dedication of Monument.

Beverly, Mass., Aug. 6.—President Taft's visit to Provincetown yesterday to assist in the dedication of a granite monument erected in memory of the Pilgrims was made notable by an impressive naval review in the harbor behind the hook of Cape Cod—the first review of the present administration.

Secretary of the Navy Meyer also was there, and boom of cannon came across the waters the living day.

On shore the president had another interesting time. The dedication of the Pilgrims monument, the culmination of many years of work to secure recognition for the daring settlers who landed here nearly 300 years ago attracted visitors from all parts of the United States. The exercises were held at the base of the high structure, which can be seen for many miles. In addition to the president the speakers included J. Henry Sears, president of the Pilgrim Memorial Association, Dr. Charles W. Eliot, president emeritus of Harvard university, Senator Henry Cabot Lodge, representing the secretary of war and Gov. Draper. The tablet on the monument was unveiled by the Misses Barbers Hoyt, 10th in descent from Elder Brewster.

Following the exercises the president and the other guests were entertained at a luncheon in the town hall. Here the president spoke briefly. In his principal address Mr. Taft confined himself solely to a tribute to the character of the Pilgrims and a discussion of the impress they have left on the people of this country.

It was remarked as an odd coincidence that the Pilgrims landed here from the Mayflower; Roosevelt came here in the Mayflower three years ago to lay the corner stone of the monument unveiled today and President Taft also used the Mayflower today.

## LEAGUE GAME TOMORROW

Bennington Will Cross Bats With North Adams at Tudor Park.

Bennington will play a league game tomorrow afternoon at 3:30 o'clock with the North Adams team at Tudor Park. This game will figure largely in determining the winner of the league pennant as the season is now on the last lap. Bennington has less than a dozen league games after tomorrow's contest and it now looks as though the finish of the race were to be unusually close and interesting.

## TWO OFFERS FOR MILK

Addison County Farmers Are After  
Higher Prices.

Middlebury, Aug. 6.—The milk controversy, which has been on in this part of the county since Monday last, showed something of a change Thursday morning, when a number of the farmers of Weybridge, who had been furnishing milk to the Boston Dairy company, delivered their supply to the New York company. Wire messages were received here Wednesday night from the president of the Boston company in which he agreed to pay the same amount and under the same conditions as the New York company had offered, but his decision was received too late inasmuch as representatives of the New York company had been in Weybridge during the afternoon and had contracted for the milk of several producers. The Boston company has representatives in the county who are in consultation with the striking farmers in regard to the matter.

Brandon, Aug. 6.—The milk producers in this town and vicinity have organized for the purpose of getting more for their milk. Previously to July 1 they were receiving 23 cents a can and during the month of July they received 25 cents. They now have made a demand for 30 cents a can, which has not been granted, and most of the producers who have been delivering their milk to the Boston Dairy company, have stopped doing so. For the present they are making butter. From 90 to 120 cans of milk have been shipped daily from this station.

BLEW HIMSELF UP

DYNAMITEDetectives Claim Bousman Com-

TO GIVE FAMILY INSURANCE

Mayor of Ridgeway, Va., Said to  
Have Been Heavily Involved  
Financially.

Roanoke, Va., Aug. 6.—Holding a stick of dynamite in his lap, Mayor A. H. Bousman of Ridgeway, deliberately lighted the fuse with his cigar that his family might reap the benefit of heavy insurance, which he carried, according to detectives who investigated the mysterious explosion at Ridgeway on July 24.

Bousman was said to be deeply in debt and it is believed that he planned to destroy himself in order to save his family. He held an accident policy for \$5000 and life policies, aggregating \$3000. Bousman had recently experimented with dynamite. It is believed he lay on his lawn at night, touched the fuse of a stick of dynamite with his lighted cigar and awaited results.

The detectives have officially reported to the town council and their theory has been accepted by Bousman's friends.
